

Celtic Shamrock 2005

Copyright © 2005 Ruth Perry

This Shamrock, with a 4 corner Celtic Knot in the center is a wonderful gift for anyone. Tatted in size 10 to 30 thread, it makes a nice bookmark or pendant. Size 40 to 100 thread is a nice size for earrings, but with the smaller thread it is a bit fussy weaving the Celtic Knot.

Instructions:

Row 1 - Celtic Knot

Start with about a yard of thread wound on a shuttle, Continuous Thread Method (CTM) do not cut the thread from the ball of thread. Begin a chain on a paper clip, or begin with a picot by tying a knot between the ball and shuttle and then leave a space the size of a picot..

Chain (16 - 8 - 8 - 16 - 8 - 8 - 16 - 8 - 8 - 16)

Weave

The red color shows the beginning of the tatted chain.

This is woven through as shown. After weaving through to make the Celtic Knot, join to the beginning picot. Turn the piece around so the join is at the bottom, as shown here, and then adjust the knot to match this photo with each picot in place as shown here

Row 2 - Leaf Outline

Chain 4 + 17 + 17 ++ Join to the picot of both the first and center loops here
Chain 17 + 17 ++ Join to the picot of both the center and third loops here
Chain 17 + 17 + 4 + Join to the beginning picot

Stem

Chain 16, and then direct tat back over the stem so that it looks it more pronounced like a real Shamrock.

Tie, Hide, Cut ends, or use the ends for twisted cord for a bookmark

ENJOY !!!
